

JUNE 6
JOB ACTION

LAUSD Schools
June 6, 2008
First hour of school

Today, parents and teachers have come together to stop the state budget cuts.

The budget cuts proposed by Governor Schwarzenegger are unacceptable. They will result in increased class size, fewer books and resources for our schools, the elimination of important programs for your children, and thousands of teachers laid off.

In short, we are protesting today because: **CUTS HURT KIDS**

What you can do:

-  Call your state legislator at **888-268-4334** and tell him/her not to cut education and other services and instead close tax loopholes for the wealthy and the corporations.
-  Visit www.StoptheBudgetCuts.com and click on the link to contact your State Assembly Member. Send an email to tell them to stop the budget cuts.

Let's make our voices heard! Together, we can stop the budget cuts. Call today.
