

**ONE PAGE FAX TO UTLA CHAPTER/CO-CHAIR. PLEASE
DELIVER PROMPTLY**

November 20, 2007

Dear UTLA Chapter Chairs and co-Chairs:

On Tuesday November 27th at 4:00 p.m., the school board will be discussing and then voting on a motion, introduced by school board president Monica Garcia, that would:

- eliminate mid-year renorming for the next two years
- require the District, beginning in 2008/2009, to allocate no more than 3% of QEIA money to central administrative functions (vs. the current 10%)
- train school-site councils to take a leadership role in implementing QEIA

If your school has been affected by mid-year renorming or you are concerned about QEIA funding, please **join me and other teachers and community members at the school board meeting**. To date, Superintendent Brewer has opposed this motion. Whether or not you can attend, please contact your school board member before November 27th and urge them to do away with mid-year re-norming.

Sincerely,

A.J. Durfy
UTLA President
