Tell LAUSD:
Stop the RIF insanity!

Break the cycle!

2009 - 2010 - 2011 - 2012?

For three years in a row, LAUSD officials have issued an excessively large number of RIFs even though they knew that the vast majority of RIF´d members eventually would be brought back. This destructive, unnecessary process destabilizes our schools and inflicts severe emotional and financial turmoil on teachers and health & human services professionals. It also costs millions of dollars.

It doesn´t have to be this way

Tell LAUSD to go back to the drawing board and create a realistic, humane budget... a budget that does not unnecessarily RIF more than one-tenth of our staff and does not threaten vital programs like adult ed, early childhood education, arts education, school readiness, and more.

STOP THE INSANITY!

RALLY
Tuesday
February 14, 2012

after school

LAUSD headquarters
333 South Beaudry Ave.
