Contract Campaign Demands:

- 1. Use the District reserve to put money into our schools now.**
- 2. Work with us to increase school funding through local, state and federal resources.**

Contract Victories On School Spending

- Class Size Reduction and Elimination of Section 1.5
- Nurses
- Librarians
- Counselors
- Salary
- Progress on Special Ed Caseloads
- Funding for Community Schools

These victories will force the district to spend down its reserve fund and it will run out in a few years. We need to use that time to get long term funding solutions.
