ARTICLE XVIII

CLASS SIZE

- UTLA hereby notifies the District that the Article XVIII, Section 1.5 waiver of exclusive representative bargaining rights over class size, as enumerated in the Educational Employment Relations Act, Section 3543.2, shall not be renewed past expiration of the 2014-2017 UTLA-LAUSD Collective Bargaining Agreement.

~~1.5 — It is recognized that the class size restrictions of this Article may not be achieved due to circumstances such as state funding limitations, teacher shortages, changes in the student integration or other programs, or statutory changes. Prior to implementing any variation from the class size restrictions of this Article, the District shall provide UTLA with a written notice of intent, including a written rationale and a summary of applicable facts. Upon request of either party, the District and UTLA shall meet and discuss the intended variation from the class size restrictions prior to implementation. Neither the District's budget development process and/or the issuance of layoff notices shall be deemed "implementation." Alleged violations of any terms of this section are subject to the grievance procedures of Article V.~~
