LA County is Modernizing the Voting Experience by 2020

LA County's current voting experience is outdated and in critical need of modernization. Voters should be able to vote when, where and how they want. The new voting system under Voting Solutions for All People is an important step to accomplishing these goals.

CURRENT VS. FUTURE

**Limited Voting Experience**
- Any Voter Can Use
- 11 Days to Vote
- Vote Centers

**Polling Places**
- Early voting only available at a limited number of locations in the County
- Voters can only vote at 1 location on 1 day between 7:00am and 8:00pm
- Vote by Mail is difficult to use for many with no drop-off locations available

**Inka Vote**
- Voting equipment is outdated and inaccessible to many voters; limited to 1 device per location
- Paper rosters are printed in advance and often require supplemental printing

**Any Voter Can Use**
- Fully accessible voting equipment available at every vote center
- Voting available for 11 days at vote centers throughout the County
- Vote by Mail is accessible and easier to use with over 150 drop-offs available across the County

*Electronic rosters access data in real time and allow for same day registration

*The new voting model will move us away from reliance on pre-printed paper rosters and in its place provide real time access to the full voter database at all voting locations that makes same-day voter registration easier.
