

The Teachers' Choice 2020

UTLA has endorsed a powerful team to take back the LAUSD School Board majority from pro-privatization corporate forces in 2020.

JACKIE GOLDBERG – Longtime teacher and legislator committed to championing public education and holding the charter industry accountable.

PATRICIA CASTELLANOS – LAUSD parent and founding member of Reclaim Our Schools LA, which helped organize communities to support our strike.

GEORGE MCKENNA – An advocate for underserved students and increased funding for schools and special education.

SCOTT SCHMERELSON – Longtime LAUSD educator who knows how important it is to invest in school staff and protect the board from undue corporate charter industry influence.

We need allies to build on our contract wins and:

- ✓ Send more resources to our schools to lower class size and hire more nurses, librarians, psychologists, and social workers.
- ✓ Protect public education from privatization and policies that would rate schools as failing and hand them over to charters.
- ✓ Safeguard our healthcare (up for negotiation in 2020 and subject to school board approval).
